The Azureus-BitTorrent Client won the overall most popular open-source software award in SourceForge.net's first annual Community Choice Awards, the developer collaboration site said Thursday.

Other winners include:

Clustering Project: BitTorrent Queue Manager

Database Project: phpMyAdmin

Desktop Project: WINE for Darwin and Mac OS X

Development Project: Gaim

Enterprise Project: Zimbra Collaboration Suite

Financial Project: A PHP Paypal API

Game Project: Xbox Media Center

Hardware Project: Linux on the Microsoft Xbox

Multimedia Project: Xbox Media Center

Networking Project: FileZilla

Security Project: WinSCP

SysAdmin Project: phpMyAdmin

VoIP Project: Asterisk GUI client
